January 2016

Dear Department Chair:

One of the significant activities of The American Institute of Chemists (AIC) is the annual Student Awards program to honor outstanding seniors, post-baccalaureate, and post-doctoral students majoring in chemistry, chemical engineering, or biochemistry. Such awards are given in recognition of a demonstrated record of leadership ability, character, scholastic achievement, and advancement potential in the chemical professions. Candidates are chosen and nominated by their faculty members.

This year, the AIC will be charging a \$40 administrative fee. This fee is to cover some of the benefits your student will receive. All awards must be pre-paid, as we are unable to invoice any institution. Those benefits include the following:

- A certificate suitable for framing
- A Student Affiliate membership in the AIC (this complimentary membership will last through December 31, 2017).
- A peer-reviewed journal
- A listing on the AIC web site
- Access to the AIC web site
- An opportunity to enroll in our certification program for chemical scientists and engineers.
- Participation in regional and national meetings
- An opportunity to network with other chemical professionals

We would like to invite your department to participate in this program by naming an outstanding candidate for this award in 2016. Please use the attached form to designate your candidate(s). We ask that you complete the entire form for each student. If nominating more than one student, please copy the form. When submitting the form, please remember to submit the \$40 administrative fee for each nominee as no award will be processed until payment is received.

If your institution has an awards ceremony or you need the award by a specific date, please indicate the date on the form and every effort will be made to ensure that you receive the certificate in time. We ask that all nomination forms be returned to the AIC National Office (address listed on top of letterhead) by **April 30, 2016**. You may also learn more about our organization from our web site at [www.TheAIC.org](http://www.TheAIC.org). Please allow 3-4 weeks for processing of each award.

Thank you for your participation and help in recognizing these outstanding scholars through this unique award. We appreciate your support of The American Institute of Chemists and this effort to further education in the chemical sciences and engineering.

Sincerely,

David M. Manuta, PhD {FAIC}  
AIC President

E. Gerald Meyer, PhD {HonFAIC}  
AIC Secretary
